ABSTRACT

A reference bank of persons with expertise in educational, socioeconomic, and cultural matters as they relate to non-English speaking Spanish-surnamed adults has been compiled. Approximately 700 persons residing in 33 states, Washington, D.C., Puerto Rico, the Virgin Islands, and Italy are listed. A brief resume of each person listed includes information on (1) present occupation, (2) academic background, (3) experience, and (4) assignment preference. The directory was compiled from data received from questionnaires distributed to educators, institute participants, civic leaders, community workers, and agency personnel. Future editions are planned to include any omissions and to give information regarding the effectiveness of the consultant services of the persons currently listed. (EJ)

INTRODUCTION

A need has long been felt by civic leaders, A.B.E. Directors and Community Development Administrators for a reference bank of persons with expertise in educational, socio-economic and cultural matters as they relate to the non-English speaking Spanish-surnamed adult. To help meet this need, the Adult Basic Education Project of the Southwestern Cooperative Educational Laboratory, Inc., has compiled this directory from data received from questionnaires distributed to educators, institute participants, civic leaders, community workers and agency personnel.

Although every effort has been made to include as many persons with the required expertise as possible in this first edition of the Directory, omission of some very highly qualified persons may have occurred. Based on the feedback received from people who use the directory we hope to rectify these omissions in future editions and also to give information regarding the effectiveness of the consultant services of the persons currently listed.

The areas of expertise listed in the directory are as follows:

Adult Basic Education
- English as a Second Language
- Reading
- Writing
- Mathematics
- Citizenship
- G.E.D.
- Curriculum Development
- Behavioral Objectives
- Counseling and Guidance
- Program Administration

Vocational & Continuing Education

Bilingual Education

Community Development
- Citizen Participation
- Community Relations
- Community Resources

Cultural Awareness
- Mexican American
- Other Spanish speaking populations

Historical significance of the Cultures
- Hispanic
- Mexican
- Other Spanish speaking populations

Contemporary Problems

The Culture of Poverty

Other
